CONNECTING PEOPLE & JOBS

November 2016

Russell

Creshindo

Graduate Spotlight

Russell is enjoying his new career with Maritz CX, where he compiles customer service feedback for various national companies from the comfort of his home office.

"Thanks to Digital Works. They were a springboard, a stepping stone, and a catalyst to the rest of my life and to a positive future."

In our latest video, Russell explains the various types of employment and mentorship opportunities available through Digital Works.

Employer Spotlight

A forward thinking national company focused on technological advancement is hiring representatives for Customer Service, Tech Support, and Bilingual Customer Service. The company offers:

- Work-at-home
- W2 employment
- Flexible scheduling
- Part-time, full-time, and seasonal positions
- Work-life balance

Graduate Spotlight

Creshindo came to Digital Works with extensive customer service experience and excellent soft skills.

"I came to Digital Works to find a legitimate work-at-home job," said Creshindo. "I wanted to supplement my household income with a part-time job that allowed flexible scheduling so I could continue being a stay-at-home parent."

She excelled in the program and found her employment fit that provides flexible scheduling to work around her family's needs.
