Digital Works April Graduate Newsletter

Digital Works, an initiative of Connected Nation, Inc., helps connect people to twenty-first century jobs by offering customer service and technology training, while utilizing broadband technology for inbound customer service for global corporations. At the end of training, workers log in to work as “inbound customer service representatives.” The training provides continued mentoring with opportunities for advanced placement for upward mobility. This is work that can be done from home or at the Digital Works center. The program, launched in June 2013 in Ohio, has already placed more than 390 Ohioans into jobs.

Don't Forget to Join *Think Tank* on Wednesdays

Think Tank is now held weekly on Wednesdays at 12:00 Noon Eastern. We hope this schedule change will enable more participants to join in! *Think Tank* is accessible via the Internet – you are welcome to participate from your local Digital Works center, or from the comfort of your home office! The webinars will include helpful tips on building your independent business, successfully navigating common employment challenges, and seizing career growth opportunities. Want to browse past *Think Tank* presentations?

They are all available on the Drive learning portal under the Digital Works Phase 6 Mentoring module. See your local Facilitator for assistance. <http://driveyourlearning.org/>

Have suggestions for a future *Think Tank* topic? Send requests to Heather Delany at hdelany@connectohio.org
